## How to use

Charming rooms, representative compartments and locations, stylistically furnished estates for sure our design extinguishers will not only fit properly but could also be the eye-catch of your conveniences.

Such design extinguishers for your private rooms are free from any rules:

For public and/or commercial areas local authorities, responsible for fire protection, should be consulted prior to installation. If required we would be pleased to guide you.

## Airbrush originals

How beautiful the look !!  
Our artists have realised these motifs for you thanks to crafty airbrush technique and each extinguisher becomes a unique piece of jewellery.

## Particularisation

### Creativity

Make up your own design – we realise it. You like a favourite picture or have an extraordinary idea for your localities ?

How your unique unit might be integrated - there should be no limits for your creativity. Our airbrush artists will bring your imagination into life with an individual design on your selected unit.

## Logo

### Identification

Just imagine your extinguisher shows your company's brand or trade mark or coat of arms of your favourite team.

All is up to you on smallest or large scale: you choose the basic colour of your extinguishing unit and we care for the perfect and effectual presentation of your logo.

## Chrome

### Brilliant performance

Fully chrome plated and manually polished are our chrome units: Elegant and tasty for ever: they integrate themselves in each area just a piece of jewellery and representing perfect function and expressing exclusivity in one.
